apolis, and larger than all the
other English Dailies in the
city combined. Advertisers

Assertion.

MAINE went h—l bent this time,
sure.

MAINE and California both appear
to have gone republican. This thing
must be stopped.

MR. BLAINE has carried his state
and now he wants to know if CON-
LINE can do as well.

It is reported that BRISTOW is for
BLAINE this time. Probably it's "any-
thing to beat GRANT" with him.

THE SENTINEL is in receipt of a
well executed portrait of Gen. REUB.
WILLIAMS, the popular editor of the
Warsaw Indian.

THE New York Democratic conven-
tion will meet at Syracuse to-morrow.
Everything indicates the re-nomina-
tion of Gov. ROBINSON.

THE session of the council to-night
will be an important one. If that
body is alive to the interests of the
city, it will go in for economy, and for
saving as much money as possible,
both in the construction and opera-
tion of the public works.

THE SENTINEL, in its free trade pa-
graphs, deals in "glittering generalities"
and fails to enter into the subject. In
other words, it talks all around the
subject, but fails to "tackle" the
game. Why is this, neighbor?—Gazette.

THE SENTINEL did not deal in "glit-
tering generalities" when it demon-
strated that but for the tariff our city
could have saved \$25,000 in the construction
of water works.

In another column one of the
ablest lawyers in the city defends the
GRUBBS libel law. The SENTINEL,
while it recognizes the necessity for a
criminal libel law, doesn't believe the
GRUBBS bill to be in accordance with
the enlightened spirit of the times.
However, our correspondent makes
out the best case possible for Mr.
GRUBBS and his law.

This country was really prosperous
when she had a revenue tariff. There
was a steady, healthy growth in the
various branches of industry and en-
terprise suited to our soil, climate and
general resources. Agriculture
flourished; manufactures thrived; the
ship building and carrying trade—
now a thing of the past—prospered,
and the country steadily grew in
wealth and population. Since a "pro-
tective tariff" has been in force a few
industries, unduly stimulated, have
thrived at the expense of other
branches. And even some of the
"protected" enterprises have failed
because the "protection" has stimulat-
ed their unduly and produced excessive
competition, resulting in over-produc-

tion, stagnation and ultimate ruin.
The protective system is in violation
of natural laws and must, sooner or
later, bring disaster even upon those
in whose interest it is adopted.

POLITICAL POINTS.

The New York democratic state
convention meets at Syracuse to-
morrow.

The official count of votes in San
Francisco differs in some cases widely
from the figures published in the
city journals, and is likely to change
the result in certain instances. Re-
turns from all the counties in the
third congressional district give Mc-
Canna, republican, 271 majority over
Berry, democrat. Some of the coun-
ties are partly estimated, and full
returns expected will increase the
majority.

The Maine election resulted in no
choice for governor, the republican
candidate Davis falling of a majority
but having a plurality over both the
greenback and democratic nominees.
The republicans have a large majority
in the house. The senate is doubtful,
but there will be a republican major-
ity on joint ballot, thus controlling
the executive council and the rejec-
tion of all state officers. Eugene Hale
is returned to congress. The constitu-
tional amendment providing for
biennial sessions of the legislature
and biennial elections was carried
almost unanimously.

Dr. Samuel A. Finley, ex-surgeon-
general of the United States army, is
dead.

The Pittsburgh Chamber of Com-
merce has adopted the central system,
to take effect October 1st.

R. B. Hayes, wife and son Webb,
and Mrs. Geo. Sherman left Washing-
ton for Cincinnati on Monday.

The Pennsylvania agricultural fair is
in progress at Philadelphia. The
display is a fine one and the attend-
ance large.

Ex-Gov. Jewell, of Connecticut,
recommends the appointment of Gen.
Fairchild as minister to Russia, the
position formerly held by him (Jew-
ell).

The steamship City of Montreal
brought \$300,000 in silver. The Ger-
mania brought \$2,012,475, of which
\$992,000 were gold bars, the remain-
der being American gold coin.

Mrs. Oliver, who sued Simon Cam-
eron for breach of promise, has entered
the lecture field. She speaks to the
working classes at Washington Wednes-
day night for the benefit of the yellow
fever fund.

The Cincinnati exposition opens to-
morrow. The city will be beautifully
decorated, and the procession repre-
senting the various industries will be,
perhaps, the largest ever witnessed in
this country.

The locomotive works at Patterson
are building engines for Brazil, and
Costa Rica, and one for Cuba, is await-
ing shipment. The Pacific Rolling
Mills are making parts of seven
bridges for the Costa Rica Railway.

A new line of steamships between
America and Europe, will soon be in
operation. Philadelphia will be the
western port, whence steamers will
make monthly departures for Barce-
lona, Marseilles, Genoa and Naples,
and are expected to touch Messina on
the return trip. Return freights will
consist of the usual materials of a
Mediterranean cargo for America. It
is quite possible ships will touch at
New York on their return trip.

In all the Roman Catholic churches
in New York a circular was read Sun-
day from Cardinal McCloskey asking
that a collection be taken up in all
the churches on the third Sunday in
September for the purpose of aiding
Archbishop Purcell, of Cincinnati, in
paying off his debts. It was also asked
that in the intervening two weeks pas-
tors would open subscription lists in
their private houses for the same ob-
ject.

FOREIGN FLASHES.

Newspapers mention rumors of the
coming meeting of Bismarck and
Gortschakoff.

The steamer Bengal, grain laden, for
London, is ashore at St. Helen's Island.
The cargo is insured.

Turkish troops have been sent to
repress the insurrection where it has
broken out in Kurdistan.

With the exception of old and de-
faced coins, all the silver hitherto held
back has gone into circulation in
Germany.

The Turkish authorities at Novi
Bazar have received renewed orders
from the sultan to aid the advance of
the Austrian troops.

M. Rouher has left Paris in hopes of
prevailing upon the Empress Eugenie
to abandon the intention she is said to
entertain of shortly retiring to a con-
vent.

Notice of a ten percent reduction
of wages has been posted at the East
End colliery, Forest of Dean, England.
The notice affects a great number of
men.

The Ticandroga arrived at Cape-
town on August 14th. Commodore
Sherfield writes that the sick list is
reduced to sixty and that there is only
one case at all serious, and in this a
change for the better has occurred.

The Institute of International Law,
now in session at Brussels, has voted
in favor of a resolution recommend-
ing that the various states agree that
the destruction or injury of submarine
telegraph cables is offensive and against
the law of nations.

The appointment of Jamison as
Serbian consular-general at New York
has been conditionally accepted by the
United States government. The
United States, however, intimates that
the establishment of a Serbian consul-
ate at New York, is premature.

John O'Connor Power, home rule
member of parliament for Mayo, speak-
ing at Castle bar, Ireland, in relation
to the land question, said he put it to
the government whether it was better
to recognize the pressure of agri-

than to recognize the pressure of re-
bellion.

The pope has written an autograph
letter to the emperor of Germany,
summing up the results of the late
negotiations, and suggesting the
emperor's direct intervention in the
way to establish harmony. It is re-
ported Bismarck knew and approved
of this step before-hand.

Dick Mull, banker of Winnetonka,
Holland, and a public man enjoying
unlimited confidence, has suspended.
He claims he lost 500 guilders by the
collapse of two potato flour mills.
Great excitement prevails. There is
some rioting and the police are un-
able to protect the premises of the
defaulter.

Capt. Goldsmith and wife, the crew
of the miniature boat "Uncle Sam,"
from Boston for Europe, have arrived
at Liverpool in the vessel which picked
them up. It seems that Mrs. Gold-
smith, at the commencement of the
voyage, suffered from sea sickness, and
after a few days her illness assumed a
serious form, threatening inflamma-
tion of the bowels. The constant
wakefulness of Capt. Goldsmith was
thus made necessary.

The British government has ap-
pointed a committee to investigate the
condition of agriculture in Great
Britain, Continental Europe and
America. The committee numbers
twenty members and includes the duke
of Buccleuch, said to be the wealthiest
land proprietor in the world, and the
smallest land owner in parliament,
Robert Patterson, whose estate is val-
ued at about \$8,000,000. This com-
mission is to sit in England, and, in
addition, special commissioners will
visit various parts of Europe and
America, and report to the parlia-
mentary commission upon the state of
agriculture in lands visited by them.
Clare Sewell Read, member for Nor-
folk, and Albert Bell, member for
South Leicestershire, both large farm-
ers, were appointed to visit this coun-
try, and arrived Monday on the City
of Montreal.

THE CAROL REVOLT.

The yicery of India telegraphs as
follows: Advice from All Khy, dated
Saturday last, say Badashah Khan
saw the corpses of Major Cavanagh
and members of his staff and escort.
The party made a very stubborn de-
fense. The loss of the rioters killed
in the fight is estimated at over one
hundred.

The British mission to Afghanistan
consisted of Major Cavanagh, his
secretary Jenkins, Dr. Kelley, Lieut.
Hamilton, commanding the escort,
consisting of twenty-six cavalry, fifty
infantry and a company guard. The
troops of the embassy were lodged in
two houses in the city, joined by a
quadrangle. The houses were spacious,
but unfortunately chiefly constructed
of wood.

A Bombay dispatch announces that
orders have been given for the collec-
tion of transportation. Punjab is
being secured for camels. The Khyber
region is not expected to advance at
present, as all the available means of
transportation will be sent to the
Kafan force. The insurgents have
sent messengers to all the tribes, call-
ing on the whole country to rise in
arms. It is believed Herat's regiments
have left Kabul for Herat to in-
duce that city to join Kabul in revolt.

The London Times, on the revolt in
Afghanistan, says: Our duty is to
act with courage and firmness. What
has happened by no means creates a
new situation. It does not supply a
single new argument for the annexion
of Afghanistan, and our policy,
however modified in details, will be
kept steadily to the lines which have
been already traced with the approval
of public opinion.

ington resulted in the fatal wounding

rant for Pierce, on a charge of assault
and battery.

man twenty-four years of age, of
Liberty, committed suicide last Sun-

Difficulties with his uncle were sup-
posed to be the cause.

who made the assault upon Robert
Ketchum, of Connersville, had his

urday afternoon and was taken back
to jail upon a charge of murder in the

firm of Roberts, Emison & Steffy,
merchants at Bruceville, was locking
the store, Friday night, four masked
men presented revolvers and forced
him to keep quiet while they went
through the store. They took \$25 in
cash, a fine coat and some other ar-
ticles. No clue to the robbers.

Chicago, Sept. 8.—A Tribune's Fon-
du Lac, Wis., special says: About 9
o'clock to-night a fire broke out in
Gibson's grocery store, which de-
stroyed a number of wooden build-
ings, causing a loss of \$20,000. Mr.
Gibson's eldest daughter was burned
to death.

Jackson, Fla., Sept. 8.—W. K. Bell,
in the employ of the Adams Express
Company, at Kansas City, and who
absconded August 20th with \$75,000 of
the company's money, was arrested on
the St. John's River to-day, and \$2,
500 recovered. Bell has started for
Kansas City.

San Francisco, Sept. 8.—Dispatches
from Ajaculante, N. M., report about
forty Indians, supposed to be from
Victoria, as on the war-path. Last
Friday they attacked the government
guard who were herding horses in the
valley. The horses belonged to Capt.
Hooker's company, camped near that
place. The Indians killed the guard
and after running off forty horses they
left in the direction of Arizona.

Palestine, O., Sept. 8.—This morn-
ing at train No. 7 was "dne" Calvin
Chamberlain, a farmer, aged 45 years,
and a neighbor's little girl, were driv-
ing to their home about two miles from
town, they attempted to cross the
track but were struck by the engine,
injuring one of the horses badly,
breaking the wagon to pieces, injuring
the little girl severely and Chamber-
lain mortally as he died in about ten
minutes after being brought to town.
He leaves a wife and four children in
medium circumstances.

Harrisburg, Pa., Sept. 8.—Philip
and Nathaniel Shoop, of Jackson
township, were arrested on the charge
of murdering and burning an old peo-
ple named Silas Bagon, on the night
of October 26th, 1878. About a year
ago rumors of the deed began to be
circulated where the Shoops live, and
they brought suits for slander against
four neighbors. Three of these openly
charged the Shoops with the murder
and they were arrested. The accused
maintain that Bagon is alive and re-
siding in Philadelphia. They were re-
leased on bail.

Cincinnati, Sept. 8.—A Gazette
special from Zaleski, O., says: David
Benjamin, a minister of the Christian
Union Church, was beaten to death
by his son-in-law John T. Sharp, this
morning. Sharp was beating his wife
and child with a stick of store wood,
when Benjamin interfered, whereupon
Sharp turned on the latter and struck
him on the head, knocking him down
and then kicking him in the stomach.
Benjamin lived but two hours after-
ward. Sharp escaped. His wife and
daughter are both severely injured,
the latter's skull being fractured.

Upper Sandusky, Sept. 8.—This
morning news was received of a man
lying near the railroad track about
four miles west of this place. The
coroner proceeded to Tymochtee
bridge, where he found the corpse of
a gray haired man with his skull
broken just above the right ear. It is
supposed he was deaf and had been
sitting on the end of the ties, when
the west-bound freight struck him,
killing him instantly. Nothing
could be found upon his person that
would lead to any identification.
From appearance he was about seven-
ty-five years of age.

New York, Sept. 8.—A Herald spe-
cial from Wilkesbarre, Pa., says: Miss
Waterman, a beautiful and educated
daughter of a respectable farmer, in
company with her sister, went to the
Denbuck camp meeting in Susquehanna
county, Saturday week. They
separated, one going home Saturday
evening. The other was found on the
floor the next night, a raving maniac,
and died Tuesday night. It is believed
that she was deceived by false rep-
resentation to take a walk with a
young man with whom she had a
neighborly acquaintance, and when
in a secluded spot, previously agreed
upon, she was set upon by a number
of young men and brutally outraged.
It is stated that no less than fourteen
infamous scoundrels were engaged in
the dastardly act. The jury returned
a verdict of death by prostitution.
Warrants were issued for the appre-
hension of those suspected. No ar-
rests have been reported yet.

THE CHISHOLM MURDER TRIAL.

DeKalb, Miss., Sept. 8.—The hear-
ing of evidence in the trial of Henry
J. Gully for the murder of Cornelia
Chisholm, April 29th, 1877, began to-
day. Seventy witnesses, thirty-two
for the state and thirty-eight for
the defense, were sworn in.

A dull heavy rain in the sides,
sleeplessness, want of energy no contin-
uity of thought, these all in-
dicate the state of mind of the
prisoner.

"No, ma'am, I do not."
"How long have you been conduc-
ting on this road?"

"About three years, ma'am."
"Well, if I'd been out on this
road, I'd have found out whether or
not; I should have to be ignorant,"
and an expression of extreme disgust
over her as she put down her
parasol with a thud.

The reason why medical practition-
ers do not hesitate to prescribe Dr. P.
W. H. H. Anti-Periodic or Fever and
Ague Tonic is as follows: Messrs.
Whitlock, Finlay & Co., of New
Orleans, its proprietors, have publish-
ed its composition, and physicians
have approved it because it contains
no dangerous drug, and because it in-
variably proves successful. It is for
sale by all druggists.

Rev. George H. Thayer, an old citi-
zen of this vicinity, known to every
one as a most influential citizen and
Christian minister of the M. E. Church,
just this moment stopped in our store

that I consider that both myself and

Charles Rosenbaum testified that he
came to town with Gilmer in custody of
Deputy Sheriff Britton. They were
followed to town by eight armed men.
Saw many others in town with guns.
As we walked towards the jail I saw
Virgil Gully shoot Gilmer in the
back. Gilmer hallooed, "Oh, Lord!
I'm killed!" and ran down the alley,
where he was followed and despatched
by the shot-gun of Virgil Gully.

Rosenbaum corroborates the state-
ment of Mrs. Chisholm as to the scene
in the jail.

Rosenbaum says at the alarm of fire
he ran out of the jail and did not see
the shooting of Chisholm and daughter.

THE "SENTINEL"

Has the Largest Bona Fide

Circulation of Any Daily Paper

in the State, outside of Indian-

apolis, and larger than all the

other English Dailies in the

city combined. Advertisers

and Others are Invited to Call

at this Office and Verify this

Assertion.

MAINE went h—l bent this time,

SURE.

MAINE and California both appear

to have gone republican. This thing

must be stopped.

MR. BLAINE has carried his state

and now he wants to know if CON-

KLING can do as well.

It is reported that BRISTOW is for

BLAINE this time. Probably it's "any-

thing to beat GRANT" with him.

THE SENTINEL is in receipt of a

well executed portrait of Gen. REUB.

WILLIAMS, the popular editor of the

Warsaw Indian.

THE New York democratic convention

will meet at Syracuse to-morrow.

Everything indicates the re-nomina-

tion of Gov. ROBINSON.

THE session of the council to-night

will be an important one. If that

body is alive to the interests of the

city, it will go in for economy, and for

saving as much money as possible,

both in the construction and opera-

tion of water works, regardless of the

clamor of individuals who desire to

gratify personal spite at the expense

of the public.

THE SENTINEL, in its free trade pa-

graphs, deals in "glittering generalities"

and fails to enter into the subject.

In other words, it barks all around the

stump, but never gets to the "meat" of the

game. Why is this, neighbor?—Gazette.

THE SENTINEL did not deal in "glit-

tering generalities" when it demon-

strated that, but for the tariff our city

could have \$25,000 in the construction

of water works.

In another column one of the

ablest lawyers in the city defends the

GRUBBS libel law. THE SENTINEL,

while it recognizes the necessity for a

criminal libel law, doesn't believe the

GRUBBS bill to be in accordance with

the enlightened spirit of the times.

However, our correspondent makes

out the best case possible for Mr.

GRUBBS and his law.

This country was really prosperous

when she had a revenue tariff. There

was a steady, healthy growth in the

various branches of industry and en-

terprise suited to our soil, climate and

general resources. Agriculture

flourished; manufactures thrived; the

ship building and carrying trade—

now a part of the past—progressed,

and the country steadily grew in

wealth and population. Since a "pro-

tective tariff" has been in force a few

industries, unduly stimulated, have

thrived at the expense of other

branches. And even some of the

"protected" enterprises have failed

because the "protection" has stimu-

lated them unduly and produced excessive

competition, resulting in over-produc-

tion, stagnation and ultimate ruin. The protective system is in violation of natural laws and must, sooner or later, bring disaster even upon those in whose interest it is adopted.

POLITICAL NOTES.

The New York democratic state

convention meets at Syracuse to-

morrow.

The official count of votes in San

Francisco differs in some cases widely

from the figures published in the

city journals, and is likely to change

the result in certain instances. Re-

turns from all the counties in the

third congressional district give Mc-

Kenna, republican, 271 majority over

Berry, democrat. Some of the coun-

ties are partly estimated, and full

returns expected will increase the

majority.

The Maine election resulted in no

choice for governor, the republican

candidate Davis failing of a majority

but having a plurality over both the

greenback and democratic nominees.

The republicans have a large majority

in the house. The senate is doubtful,

but there will be a republican ma-

jority on joint ballot, thus controlling

the executive council and the elec-

tion of all state officers. Eugene Hale

is returned to congress. The constitu-

tional amendment providing for

biennial sessions of the legislature

and biennial elections was carried

almost unanimously.

HAULED OVER THE COALS.

Several Interesting Cases at Police Court.

Irish and His Associates Fined and Costed.

Justice Ryan presided in dignified grandeur at the police court this morning, but as he glanced at the clock and then at the railroad timetable, it was evident that his trip to Cincinnati was weighing on his mind.

The case of the city vs. James Clark and Jacob Wetzel for assault on Tom Irish was dismissed, and then Ben. Knoll, Henry Schreck and a Mr. Bennigan walked up for their medicine. The charge was that they were guilty of disorderly conduct—in that, that they went to the mansion of Mrs. Van Dolah, near the toll gate, and made unmanly propositions and raised Cain in general. Schreck pleaded guilty, but the other boys tried to make the court believe that it was all a fatal mistake, and that they were not over the river at all last night. They swore very straight against the testimony of Mrs. Van Dolah, and were making out a pretty favorable case when the city attorney called Henry Schreck as a witness. Henry would not testify until compelled by the court. When the attorney asked him whether he saw the boys over the river at all last night, "I did," said he, and that settled the case for the boys; it was a clean case of perjury. The court assessed a fine of \$5 against Schreck, and \$5 against each of the boys.

By this time Chief Smith had filed an affidavit against Nettie Westbrook, Nell Williams, Mollie Van Dolah, Minnie Harrod and Anna Baker for being inmates of a house of prostitution. They swore at a pretty straight guttural Wabash Null and Miss Baker got into a little difficulty among themselves, which gave the whole party "dead away." Without any further parley the court assessed a fine of \$5 against each one. Judgment was suspended in the case of Nettie Westbrook during good behavior.

The case of Robert Blood for fast driving was continued until tomorrow morning. Charles Young, Charlie Jones and Chas. Eckert were up for an assault upon Thos. Irish, the details of which were given in yesterday's SENTINEL. A case was made against them and they were fined \$5 and costs each. Irish, for creating the rumpus, was sent over for fifteen days.

WATER WORKS.

Opening of the Bids for Pipes, Hydrants and Special Castings.

The Aggregate Bids for Each Class of Work:

The water works trustees met at the city hall this afternoon, to open bids for the furnishing and laying of pipes. The following bids were received, which are published in brief without going into the details:

Murray and Little, of Fort Wayne—Piping, \$110 per ton; special castings, \$50 per ton; aggregate bid for furnishing and laying, including hydrants, manholes, etc., \$15,000.

McNeal & Archer, Burlington, N. J.—Piping, \$33.75 to \$37.50; special castings, \$35; aggregate bid, \$10,750; laying pipe, from 18 to 24 inches per lineal foot.

Drullman & Hays—All piping, \$41.10; special castings, 75 cents per pound.

R. B. York, Cleveland—All piping, \$38.50; special castings, 25 cents per pound.

Dennis Long & Co., Chicago, all piping, \$33.00; special castings, \$50.00.

Geo. O. Morgan & Co., Chicago, all piping, \$25; special castings 25 cents per pound.

Dennis Long, Louisville, all piping, \$37.25; special castings 25 cents per pound.

The trustees are now engaged in receiving bids for valves and hydrants. They regard the bids as favorable and they will probably not exceed Cook's estimates.

AMUSEMENTS.

"WIDOW BEDOTT."

Our theater-goers who fail to go to the Academy to-morrow evening will regret it. The play "Widow Bedott" is a dramatization by Nasby (D. R. Locke), of the celebrated "Widow Bedott" papers, and has proved an immense and emphatic success wherever produced. Neil Burgess as the Widow is pronounced incomparable. He is one of the cleverest character actors on the American stage. Stoddard as Elder Sniffles is also very fine. Last week, at Haverly's immense theater in Chicago, while this play was on the boards, hundreds were turned away nightly. Seats can now be secured at Fowler's.

A Mistaken Statement.

A few days ago it was stated in the Gazette that the civil circuit prosecuting attorney of Vigo county (Terre Haute) has commenced proceedings against the prosecuting attorney of the criminal court of Vigo county, for the purpose of obtaining the fees in misdemeanor cases before justices of the peace in that county.

The following letter to Mr. Hench explains itself:

Terre Haute, Ind., Sept. 6, 1879. Samuel M. Hench, esq., Fort Wayne, Ind.—Dear Sir: Your letter and paper (Gazette) received. I am not aware of any such proceedings as you suggest. The circuit prosecuting attorney did institute suit against me in the criminal court, the supreme court decided your case, and the matter was dropped. I see no reason why or cause for the supreme court to change its decision.

Yours, etc., A. J. KELLEY.

Prosecuting attorney criminal court, Vigo county.

County Commissioners.

The county commissioners to-day visited the new bridge across the canal in White's addition, to estimate allowances.

They also granted the following road petitions: Of Fred, Klahne et al, for a road in Abiole township, viewers, W. H. McCormick, William Miller and Thomas Larimore; of J. F. Fuchsbever, for a road in Madison township between Allen and Adams county, road commissioner, Wm. Dickerson; of W. B. Rabbits for a road in Monroe township, viewers, Patrick McCormick, Adam Marquardt and Wm. Polk.

City Hospital Notes.

John Calvert, formerly a railroad conductor in this city was killed eight miles north of Nashville last Friday. His sister, Mrs. Perry Sims, is now at the city hospital, and his divorced wife also resides here.

A Card.

To the Editor of the SENTINEL:

We, the undersigned, citizens of Monroeville, Ind., knowing that the card published in last Saturday evening's SENTINEL in regard to Miss Lizzie Miller was false, and from the fact that as citizens we feel that she has been unjustly and unreasonably maligned, denounce the same as unjust and wrongful, and written with the intent of injuring a good name, and we feel justified in saying that she is a virtuous and upright lady of commendable zeal and energy in all her business transactions.

(Signed)—David Alliger, G. L. Bobblyer, A. A. Baker, David S. Redelsheimer, Chas. A. Lester, M. D. J. W. Jones, J. P., Edward Finan, W. D. Roekafellow, M. D., John Sheehan, and 200 others if really necessary.

John Adams, the Calhoun street saloonist, went with the City Hospital excursion to Rome City about two weeks ago and has failed to return. The facts appear to be that he has more debts than he can shoulder, so he gently stepped from under. Constable Patton yesterday levied on the property on a claim held by James Harrett, and the business has been suspended. Meanwhile other creditors await his return.

Miss Annie E. Foley has returned to her home in Erie, Pa., on account of poor health. She is a sister of J. W. Foley, formerly proprietor of the Tremont House.

Boys suits in endless variety at the Enterprise, 26 Calhoun street.

WEDDED WOES.

The Case of Abel vs. Abel Again Filed in Court.

The Coverdale Family Wretchedness Amicably Settled.

ABEL VS. ABEL.

Mary again wants a divorce from Robert Abel. She wanted it at the last term of the circuit court but she didn't get it, and now she has filed a new complaint and says that Mr. Abel has not done the square thing, inasmuch as he strikes her and kicks her and endeavors to knock the saw dust out of her in a number of original methods. He also fails to provide the necessary clothing which he should, while the grub box would always be an aching void if she depended on him to fill it up. He further, she alleges, occasionally gets on a high bender and makes her life miserable in a general way, and threatens to bust up the partnership existing between her body and her immortal soul, or in other words, to kill her. Last July he fired her out of the house, and now he and his son are engaged, or have consummated, a little monkey work which is calculated to beat her out of her share of the property. She therefore prays for a divorce and such alimony as the court may see fit to grant.

THE COVERDALE DIVORCE CASE.

The divorce suit of Harriet J. Coverdale vs. E. G. Coverdale, the well known lawyer of Monroeville, has been settled and withdrawn. The husband and wife have come to the wise conclusion to forgive and forget as appears from the following sensible card:

To the Editor of the SENTINEL:

As you was good enough to publish a very highly colored statement of the facts set up in my complaint against my husband for a divorce, will you please send me and my husband the justice to see to the public for me that I never meant to charge my husband with leaving me and our children to suffer the ordinary necessities of life, and neither did I wish to charge him with striking and beating me in anger, and further that we have settled our differences, and are both willing and do acknowledge that we have made many mistakes in the course of our married life, and that we have mutually agreed to forgive and forget, and in the future to avoid everything that has made each other unhappy.

HARRIET J. COVERDALE.

THE COURTS.

CIRCUIT.

Dismissed: Jennie M. Bullard vs. Harriet Gwin et al; receiver, August C. Trentman vs. Conrad Trentman, receiver; August C. Trentman vs. Conrad Trentman, receiver; John M. Davis et al vs. George S. Fowler et al, account.

JUDGMENT.

James M. Young was appointed administrator with will annexed of the estate of Hannah Glass. Bond, \$2,000; Wm. Brunstater surety.

CRIMINAL.

A motion was made by "Brother" Haskell's attorney to quash the indictment but was overruled by the judge.

The case of Charles O'Neil for burglary and larceny is now on trial, after which Wm. Q. Brown will be tried for the larceny of carpenter tools from Phillip Ballot.

A deputy marshal is also to be appointed. The room in the court house set aside for this court will be fitted up at once for its use.

The water works trustees held a meeting at the Hamilton Bank this morning and adjourned to the city hall to receive bids.
